COLLECTION

VICE

VICE combines futuristic and sculptural appeal with bold material combinations that bring function, art and design together.

---

KEY POINTS

- Taking inspiration from the hypermodern neo-Memphis style, VICE exploits futurism, shapes and neon colors that merge into a combination of materials creating a mix of function, art and design.
  - Available in 6 different colours - choose different interchangeable screen colours based on style and preference.
  - Screen sourced from Dutch manufacturer, Pyraseid Acrylic, using Versato MYST, a fully recyclable and lightweight acrylic that absorbs light and makes it diffuse and not-diffuse at the same time.
  - Base includes LED neon tube.
