Carrie Table Lamp, Leather

BY NORM ARCHITECTS

Bound with soft yet durable leather on its browned metal handle, the portable Carrie LED Lamp holds a warm orb of light in its basket-like base. Providing up to ten hours of light when fully charged, the lamp moves effortlessly from the table to the terrace or a bookcase to a desk, illuminating the dark with its sophisticated glow. The cordless design charges via a concealed magnetic connector and USB cable. The cable charges with a standard USB charger plug. Comes without charger plug. To preserve battery life, switch the lamp off when charging and do not leave plugged in while in use.
