Flow

A minimalist and
flowing design

Light and fluid

Flow is a modular LED table lamp with flexible positioning, created by designer Andreas Kowalewski. The Flow table lamp has a simple and flowing design, in which all of the lamp's parts grow smoothly into each other, just like the branches on a tree.
"I was inspired by the idea of creating a LED table lamp that radiates lightness and agility. In Flow, I wanted to create a lamp whose minimal and slender shape expresses the intrinsic quality of being an easy to use lighting object for your desk," Andreas Kowalewski tells us.

Collection Overview

Flow table lamp
H: 33,5 x Ø32 cm

Flow table lamp Black

Product Facts EU

Description
Flow is a modular LED table lamp with flexible positioning. The Flow table lamp has a simple and flowing design, in which all of the lamp's parts grow smoothly into each other, just like the branches on a tree. Flow is ideal as a work lamp in the home or in professional office environments, where the sculptural design provides optimum flexibility in lighting even large desks.

Design
Andreas Kowalewski, 2016

Material
Powder coated metal

Construction
Flow is built up using four slim metal elements on a circular base. Smooth connections and a small handle with a permanently integrated energy-efficient LED light source with dispersion lens result in diverse dynamic movement possibilities. Brass dimmer on the bottom element of construction.

Maintenance
Clean with damp cloth. Avoid use of all-purpose cleaners and other degreasing detergents.

Cord
2 m textile cord, matching color (white / black / dark green). ▶

normann

C O P E N H A G E N

▶▶ Dimmable function
Yes

Voltage
220-240 V

Frequency
50/60 Hz
Ip rating
IP20

Classification
Class III

Max load
5 W

LED source - included
LED included: SMD2835
Power: 5,4 W
CCT: 3 000 K ± 2 000 K
Output: 350 lm
Lifetime: 30 000 h
CRI: ~ 80

LED driver
PRI: 100-240 V - 50/60 Hz
SEC: DC3-25V 350 mA
Load: 7 W (Max)

**General standards & certificates**
